Expression of Interest

Semaan Stone Group is a privately owned company, which specializes in manufacturing all types of natural stone. Not only do we manufacture and deliver these stones, we install, grind, buff, seal and polish to suit our customers' tastes and needs. We have extensive experience in these fields.

Our showroom is located at 445-449 Liverpool Road, Ashfield NSW 2131, but we supply nationwide. You will find a great variety of natural stone such as Marble and Travertine, which we have imported from numerous locations all around the world. Also, we have a big range of Terrazzo and concrete polishing. Our director, John, personally oversees the importation process.

Our experts' team dedicate themselves to sourcing the right product for your project whether it is big or small!!

We offer unbeatable service backed my over 20 years experience in this industry.

Our teams of specialists are highly trained and they have a keen eye for detail. They can offer expert advice to suit your project and aim to deliver our work to you on time and within budget!

Our strong commitment to leadership and hard work is reflected in all our past projects. Our current clients will happily reinstate this to any upcoming prospective clients.

Semaan Stone Group acknowledges the importance of quality and first class services and always delivers or these promises to satisfy our clients. Semaan Stone manufactures, delivers and installs high-end custom made stone design for all complex finishing. Semaan Stone accommodates projects of all shapes, sizes and budgets.

For further information about us and our stone, please feel free to browse our website www.semaanstone.com.au. You are welcome to visit our showroom for an obligation free quote and product samples and whilst there, you can talk to one of our specialist about practical, cost effective and aesthetically pleasing solutions the required details about our stones, rates, and means of installations.

Finally, Semaan Stone Group not only works for the client, but works with the client to meet and exceed all the challenges that your project may deliver!
